Dear Andy:

On behalf of the school board and myself, I want to thank you for having such a quality workforce and for providing Northeast Dubois with an outstanding building at Dubois Middle School. Needless to say, if all contractors were as easy to work with as you and your superintendent, Dan Hauser, there would be no need for construction control firms to monitor building projects. You and Dan were a joy to work with and I am thankful this Thanksgiving Season to have had the both of you overseeing this building project.

Thank you for a job well done.

Most sincerely,

Richard Kerby
