Krempp Construction, Inc.  
216 Main Street  
Jasper, IN 47546

Ladies and Gentlemen:

We are pleased to write this letter about Krempp Construction and our positive experiences with your onsite project superintendent Mr. Kurt Neuhoff on the Washington County Jail Additions and Renovations project in Salem, which was completed in 2014.

Because we primarily only work on correctional projects, it is easy to identify when a general contractor has the necessary project leadership experience onsite to produce a successful project. Throughout the entire construction phase, Mr. Kurt Neuhoff always showed professionalism, teamwork, and qualified experience on this project. Kurt has proven to be a person you can count on, as he is always there and willing to help. If we had a problem, he would find out what it was and get it fixed to keep the project on pace.

We have truly enjoyed our working relationship with your firm, and especially Mr. Kurt Neuhoff. We look forward to future projects with Krempp Construction, feeling confident the Owner will be well served by a professional team.

Please do not hesitate to contact me with any questions.

Best regards,

Damian Etchison  
Project Manager  
Pauly Jail Building Company, Inc.

Travis Bush  
Project Superintendent  
Pauly Jail Building Company, Inc.
